NEW DIRECTIONS IN EVOLUTIONARY RESEARCH OF SEX ROLES

II. ÉLVONAL Conference

The Conference will take place between 10th and 13th January 2019 in Debrecen (Hungary). The Conference will start on Thursday 10 January with a slide-show and a Hungarian traditional dinner, will include two days of scientific talks by top scientists, post-docs and students, and an optional bird watching trip with a social event on Sunday 13 January.

The conference will focus on behavioural aspects of sex role evolution: courtship, display behaviour, competition for mates, pair bonding and parenting. Speakers will cover a range of organisms and will use a variety of research tools and methodologies.

We invited elite scientists from Hungary and abroad to discuss recent advances in evolutionary studies of sex role. The conference will also offer opportunities to young scientists and students to present their work, and discuss potential projects with senior scientists. The Conference will be hosted by the Debrecen Academy of Sciences.

**10-13 January
2019**

**Debrecen,
Hungary**

**Registration
deadline:
10th December 2018**

**Registration:
